

IF CARLSBERG DID GOLF DAYS... IT WOULD BE AT FINCA CORTESIN

The latest edition of our Super League tournament saw over 100 players get up bright and early for a visit down the coast to the fabulous five star resort that is Finca Cortesin.

From its stunning driving range and clubhouse to its immaculate fairways and greens, no wonder that this course is a firm favourite with Sala golfers.

After a brief visit to the practice range for those who were determined to score well, it was off to the assigned tees for the large field. With the course in its usual immaculate condition, our players rose to the challenge with an average score on the day of 32 points! Congratulations go to winner Luke Woods Jnr who came in with a splendid 41 points. Luke was followed by Sergey Kuznetsov

on 39 points, and Hank Hunky with 37 points. In the team event, The Eagles just pipped The Mick-eyes on countback, both teams scoring a fabulous 94 points. Jackson Grundy came third with 89 points.

REPORT BY Lindsey Medina

With six events now being completed, Svetlana Kripyrite leads in the individual section from Terry Mayfair and Simon Ness, whilst the Eagles are ahead in the team event, followed by Always Avinit and Gecko and the Bogeymen. Once again, thanks to our sponsors Jackson Grundy for providing two halfway houses with canapés and gin and tonics to help the players on their way. Afterwards everyone headed back to La Sala Banus for two hours of complimentary après golf drinks and nibbles. Our next event is to be held at Santana Golf on Saturday 14th July, and places are filling up quickly. If you would like to join us for a great day of golf, contact Lindsey on 693-507-628.
